## INDEPENDENT BRANCH OF RED CROSS FORMED

### Good Attendance at the Last Meeting - Medicine Hat Ladies Assist to Organize New Officers elected

At a previous meeting of the Red Cross society it was decided to form an independent branch but the work of proceeding with the new organization was left over till the regular meeting which was held last Tuesday afternoon in the Red Cross rooms. There was an exceptionally large attendance. Officers from Medicine Hat were present to assist in organizing Redcliff and were working strictly under Calgary headquarters. These were Mrs. Smyth, Mrs. Bennett and Mrs. Rosburgh.

At the request of Mrs. Gordon, the acting president of the local branch, Mrs. Smyth took the chair and proceeded with the business of the meeting. Mrs. Smyth congratulated Redcliff on the excellent work they had done as a sub-branch of the Medicine Hat. She said the Red Cross society preferred each place to be responsible for its own work as soon as possible, and the fact sure that Redcliff was doing the right thing. During her remarks Mrs. Smyth read an extract from some Red Cross literature showing the wonderful work the society has done since its formation.

The election of officers next took place and the following were unanimously elected:  
President—Mrs. G. L. Gordon.  
Vice-President—Mrs. Blair.  
Secretary—Miss Gibson.  
Treasurer—Mrs. B. E. Howard.  
Executive Committee—Mrs. Patterson, Mrs. Fairbairn, Mrs. Gordon, Mrs. Chadwick, Mrs. Oates, Mrs. Hamilton, Mrs. Auman, Mrs. G. L. Gordon, Mrs. Lavelle, Mrs. Peterson, Mrs. Ireland, and Mr. Harbert.

Resolutions were next in order and the ladies from the Hat proved to be equal to any demand on their knowledge of Red Cross work.

As president of the newly formed branch, Mrs. Gordon then tendered a vote of thanks to the representatives from Medicine Hat for their kindness in coming to organize the branch, and on behalf of the local branch thanked them for their great help in the past.

The president has approved of the following committees for dealing with the work:

Buying Committee—Mrs. Stone, Mrs. Blair, Mrs. Oates, Mrs. Chadwick.  
General Superintendent of Work—Mrs. Chadwick.  
Cutting Committee—Mrs. Oates, Mrs. Peterson, Mrs. Fairbairn, Mrs. Auman, Mrs. B. E. Howard, Mrs. Lavelle, Mrs. Hodges, Mrs. Finney.  
Packing Committee—Mrs. Bennett, Mrs. Cox, Mrs. Pearson, Mrs. Walker, Mrs. Devitt, Mrs. Patterson, Mrs. Bedford, Mrs. West, Mrs. Woodcock.

We are asked to remind the members that all work must be returned next Tuesday.

## Canada to Develop Big New Industry

Another big new industrial development in Canada consequent on war necessities and opportunities is likely to be the refining within the Dominion of millions of dollars' worth of zinc metal from the West. Zinc metal now goes to New Jersey for refining. It is stated on reliable authority that the government is studying the arrangements for refining in Canada, thus keeping control of the export of a commodity so largely used in armament manufacture and at the same time taking advantage of the present war conditions to establish permanently in Canada an industry that will prove immensely valuable when peace comes.

In order to insure satisfaction on the part of his troops during the recent Russian offensive, the Austrian general, von Bothmer, who commands the army which holds the Alpine Strip kept them on the further side by burning the bridges behind them, thus exposing them without any real cause to the terrific Russian fire.

## Fred Pierson of the 3rd C.M.R. Wounded

Fred Pierson, at one time on the Redcliff hotel staff, but who has been in the trenches with the 3rd C.M.R. since the war, was wounded while performing his duty. He was hit twice by shrapnel. First in the small of the back and again in the fleshy parts of the both hips. Neither wounds, he says, are serious, although very painful. At the time of writing Pierson said he expected to be able to return to the trenches again in a few weeks.

Jimmy Green, another of the one time employees of the hotel, also writes stating that he is still on the job and has escaped any serious injury so far. Both these boys acknowledge the receipt of Christmas remembrances sent them from the hotel and they sent Mrs. Smith French bread, purchased in one of the small French towns near the firing line.

## Prairie Flower Lodge Install New Officers

Disposed was buried in the Medicine Hat cemetery last Friday. At the regular meeting of Prairie Flower lodge of the Rebekah society, held in their lodge room here last Monday evening, the newly elected officers for this term were duly installed by the Rev. J. H. D. G. G. S. The following is the list of officers installed:

J. P. G. - Sister Johns.  
V. P. G. - Sister McCormick.  
Secretary - Sister Conaghan.  
Treasurer - Sister Blair.  
R. S. N. G. - Sister Hamilton.  
S. V. S. G. - Sister Washburn.  
L. S. G. - Sister Leach.  
O. G. - Sister Caldwell.  
C. G. - Sister Newham.  
Chaplain - Sister Hodge.

## What Canada Is Doing For Britain and Allies

The statement of business that has been transacted in Canada in behalf of the British government since the outbreak of the war shows that three and one-half million dollars have been contributed to the British government, and that over 8,000,000 shells out of that number have already gone forward to Britain.

The cost of all the munitions material required in the manufacturing of the total output of shells, including the machinery and assembling, is estimated at \$22,000,000. In addition there have been various other expenses for cartage, casing, primings, etc., amounting to \$30,000,000, making a total slightly exceeding \$52,000,000. The actual shipments of munition that have gone forward to Great Britain from the factories of Canada have amounted to 2,000,000 "steel" and 6,000,000 "steel" shells. This total output of 8,000,000 shells out of 22,000,000 contracted for represents an actual expenditure up to the end of last year of \$65,000,000.

The latest available figures also show that there are some 422 plants engaged in filling contracts at present under the direction of the Imperial Munitions Board.

## Moral Reform League To Hold Convention

The Alberta Temperance and Moral Reform League holds its annual convention in the West Block Hotel, Calgary, on Tuesday, Wednesday and Thursday, Feb. 1, 2 and 3. The usual business of the league is being transacted on all railroads. It is fully expected that delegates will obtain able returns.

Special speakers will discuss such subjects as "A Substitute for the League Act" by an Independent Commission "Future Activities of the League."

**SAYS BRITAIN WILL  
USE HER SEA POWER**  
Discussing the freedom of the seas, the London Spectator in an article says:

"The British people cannot and will not be entangled in a web of words. The British people cannot and will not be entangled in a web of words. The British people cannot and will not be entangled in a web of words."

## Carranza Says He Will Punish Bandits

General Carranza telegraphed his ambassador in Washington to the effect that the numerous attacks on the passenger train near Chihuahua were made by the only remaining band of outlaws in that region. This band is being pursued by troops with a view to their capture, whereupon capital punishment which their crime deserves will be applied to every guilty participant.

Troops of the constitutional government have been ordered to establish a patrol from end to end of the railway line in order to guard against similar outrages.

General Carranza's dispatch was the first direct assurance that he will comply with the urgent representations of the United States government.

Upon the success of the steps he takes the next move in the Mexican situation seems to depend.

## Officers Tried Out Before Appointments

The policy being followed by Colonel McCallan of the 21st western Irish battalion of Vancouver, by which qualification for rank in the regiment being depend upon the result of a period of probation upon the part of candidates may be adopted generally throughout the Dominion. According to Colonel McCallan's scheme no man is appointed to any rank above that of second lieutenant until he has been thoroughly tried out for the rank above that to which he aspires.

His lucky for Nelson Spencer that he doesn't live in British Columbia.

## How Evacuation of Gallipoli Worked

Further details of the evacuation of the Soviet Bay, Red-el-Ghar region, appeared in the morning papers of London. The evacuation was a most successful one. The accounts say that the operation in each case covered ten nights. The first period was devoted to the removal of the winter stores and supplies. During the next period everything was removed to meet the actual food and munition needs for the first two nights during which the troops embarked, with guns and animals. On the last night loaded with the first line troops and one man to seven yards of the front, and they remained until word came that all was clear on the beach.

## School Boys Start The Hockey Season

The hockey team from the school went down to Medicine Hat last Friday and played a friendly game with the junior team of that city. The game was a "draw" throughout but our boys lost out by four goals to two. Considering the fact that the school rink has only been in use a short time and the boys have had but very little practice, they made an excellent showing and they feel confident they can turn the tables when the Hat boys come up next week. A return game was to have been played on the school ice on Tuesday night but the boys from the Hat were unable to come. It is expected they will be played either Monday or tomorrow night. The boys should advertise the game as a number of the townspeople would like to see it.

## American Legion Gets a Warning

"Cut out this recruiting for American battalions. Be wise and cut off the recruitment of American battalions. This read a note in a public bulletin which was hurried through the window of a Santa Ana, recruiting office of the 15th overseas battalion (American Legion), Lieut. Heaton and Sgt. Higgins, recruiting officers, were making a call on the time. The police are investigating."

## Says Britain Will Use Her Sea Power

Discussing the freedom of the seas, the London Spectator in an article says: "The British people cannot and will not be entangled in a web of words. The British people cannot and will not be entangled in a web of words. The British people cannot and will not be entangled in a web of words."

## Says Sweden Will Fight Against Russia

A correspondent with the Ford press party says: "Sweden may not insist upon an out and out German victory, but she feels she cannot, for her own safety, allow the Russians to beat Germany. She is not particularly pro-German or pro-Brit, but she is anti-Russian with her whole soul. She will fight with Germany before she will see Russia win. She believes her strength will be the deciding factor in the last resort."

## British Have Heavy Toll of Officers

Officers' casualty lists for the month of December show that the British army in that month lost 275 officers killed, 638 wounded and 47 missing, a total of 960. Deducting from the wounded and missing totals a number since included in killed, the total losses from the beginning of the war to the end of December, 1917, are 6,847 killed, 13,489 wounded and 1,745 missing, a total of 22,081.

## British Now Have Turks on the Run

Turkish forces occupying positions on both banks of the River Tigris, 25 miles south of Kut-el-Amara, in Mesopotamia, are retreating, according to an announcement made by the official press bureau. The war office says that after hard fighting the Turks began to withdraw on January 19 and 14 and that they are being closely pursued by British troops under command of Gen. Aylmer.

## TEMPERANCE RALLY.

The next question before the people of Alberta, in regard to the temperance issue, is the question of the enforcement of the Liquor Act. The next must have a fair chance of performing the work the people determine it should do. Now in this behalf a special meeting for every body, and especially for the voters in this electoral division will be held in the Presbyterian church on Thursday evening next at 8 o'clock. The names on the program are prominent and a good time is expected. Be sure and be there.

## No Truth In Report of 3rd C.M.R. and 31st

It was reported in last Saturday night's papers that the 3rd C.M.R. and the 31st had been in the thickest of the fighting last week and as a result had very heavy casualties. The rumor was also stated as having been practically wiped out of existence. As all the Redcliff boys who are now at the front, are in either one of these two regiments, the news naturally was a great shock and cast a gloom over the town. It was a great relief to learn that the rumor was unfounded when the next announcement from the militia department at Ottawa stated that there was no truth in the report.

General Alderson, commander of the First Canadian division, called Sir Sam Hughes stating that the report was unfounded. He also says that on the day that these reports were supposed to have been true, their casualties were only seven killed and 14 wounded. None of the Redcliff boys appear in this list.

## Redcliff Pioneer Dies In Hospital

George Eyles, a well known pioneer of Redcliff, died in the hospital here last Thursday. Deceased came to Redcliff just about the time the town was being laid out in 1906. He was a pioneer of Redcliff and was a pioneer of Redcliff.

## Russia Places Big Order in the States

Announcement that the Russian buying commission in the United States has agreed contracts for \$2,000,000 worth of machine guns with four American companies was made after the departure for Russia of General Gromov, head of the commission. The contracts call for 32,000 machine guns, and it is said to be the largest order of its kind in the history of the United States by any of the belligerents since the beginning of the war.

## British And French Shatter The Germans

The British and French on the western line continue their artillery duels with the Germans. Paris reports the shattering of German trenches by the explosion of a large portion of the parapets of a German battery in the Voignes, while the British record the destruction of a large portion of the parapets of a German trench by the explosion of a mine near Pricourt. The Germans are declared to have suffered considerably from the effects of the explosion and the shells of the British guns which followed the detonation of the mine.

## Leaders Say Canada Will Fight To Finish

A remarkable feature of the opening day of the debate in the federal house was that neither the prime minister, nor the leader of the opposition made any reference to the only legislative act in the speech from the throne, the bill to extend for one year the duration of the life of parliament. Practically the whole of the speeches of both leaders were devoted to the war. They agreed that it must be prosecuted to the end with the whole order and resources of the Canadian people.

Mrs. Emmeline Parkhurst, the British suffragette leader, who was detained at Corinith, 48 miles west here, was on the steamer "St. Paul" was ordered excluded from the United States by the special board of inquiry which sat at Immigration station. An appeal was made to Washington, it was stated.

## SAYS CANADA WILL COME OUT FORTUNATELY

Money Directed to Prosecution of War Means Employment—Should Borrow From Ourselves

Speaking at a Canadian Club banquet in Medicine Hat, Tuesday, Prof. Adam Shortt, of the Dominion Civil Service commission, said: "Canada, if handled properly, is certain to come out of the situation fortuitously, although every country must naturally suffer to some extent."

"A great many sacrifices of personal liberty and comfort and acceptance of risk are being taken by those who have joined and are joining the colors, but those who stay at home apparently fail to recognize their duty. Many people, unfortunately, take the position that if they economize they will throw others out of employment. This is an erroneous conception."

"It does not matter whether contribution to a war loan takes the form of loans of Canadian dollars to Canada. Money directed to the prosecution of the war means employment. It means you contribute directly, while in loans you make an investment which prevents money going out of the country."

Prof. Shortt believed we should borrow from ourselves in order that the money may be kept in the country, with eventual benefit to Canadians in the shape of interest. He laid particular stress on the necessity for practicing economy and thrift in order finally to offset with our competitors. In the opinion of Prof. Shortt, Germany was the greatest danger to Canada, financial position at the conclusion of hostilities.

## Saskatchewan Women May Get Their Votes

The possibility of imposing direct taxation in the province to provide money for the patriotic fund and the practical certainty that the women in Saskatchewan will be given the vote are outstanding features of the speech from the throne delivered by Lieutenant-Governor Lake at the opening of the fifth session of the third legislature of that province.

## Great Britain Will Establish Blockade

That Great Britain will soon announce the establishment of actual blockade of Germany and her allies, thereby superseding the changes which had been established by the regulations issued by the dominions made by Americans who have been in close contact with the machinery of the German blockade in the Atlantic, is a statement of the acting as representatives of American ships whose masters have been affected by the execution of the orders.

From the political point of view, Green again has become the center of great interest. In addition to a report that the cabinet are to have ordered Green to hand passports to representatives of the central powers and their allies in London, Green has been ordered to hand passports to representatives of the British and French troops who have landed at Corinith, 48 miles west here.

It is said that the cabinet are to have ordered Green to hand passports to representatives of the central powers and their allies in London, Green has been ordered to hand passports to representatives of the British and French troops who have landed at Corinith, 48 miles west here.

An unknown man who was evidently stealing a ride, was found dead in a box car at Maple Creek last Tuesday. He was suffocated by fumes from a charcoal stove in a heated car.

Make no date for Thursday, Jan. 27th, as that is the date of the dance in Reid's hall under the auspices of the Red Cross society. Everybody will be there.

Representatives of the four western universities and the University of Toronto are in conference on Saturday, unanimously decided to offer to the militia department a battalion to be raised from these institutions.

revel-Colonel Sissons, of Medicine Hat, who has been at the front of the 3rd C. M. R. in France, returned to Canada this week on a 30-day furlough. He is to assist with recruiting in Alberta. He states that Capt. Plingle may also return to Canada in the near future.

The local paper often contains news items which might be omitted in a letter, therefore it will be greatly appreciated by the boys at the front. Let it be your little bit to have the paper sent regularly. We will pay the postage and do the mailing if you pay for the paper.

Men are now being engaged making alterations in the Broadway store building. Partitions are being removed from the second story and when this is completed part of the present stock will be carried in that department.

Mrs. Lakey is in receipt of a letter this week from her son, William, who is now in the hospital at Poitiers, England. Lady has sufficiently recovered from the severe shock from which he was suffering to write the letter himself. He spent Christmas day and his birthday in bed, and although still very weak he is gradually recovering.

Mrs. M. Lynch and Mrs. J. C. Reid have undertaken to get up a swell ball and supper, the proceeds of which are to go to the Red Cross funds. This ball is to be held in Reid's hall on Thursday, January 27th, and O'Farrell's orchestra has been engaged for the occasion. This is a worthy cause and as a great amount of hard work will fall on the shoulders of the two women who have undertaken the task it is sincerely hoped their efforts will be liberally rewarded.

The skating rink at the school is certainly furnishing no end of amusement for both young and old these beautiful, mild, moonlight nights.

Speaking in the federal house last Tuesday both Premier Borden and Sir Wilfrid Laurier spoke against conscription in Canada.

The school board met in regular session last Monday evening but very little business, beyond passing a few financial accounts, was done. Mr. Lyall, manager of the Glass plant was present and interviewed the board in regard to the employment of children in the plant. He was very anxious that no boys under age should be employed and asked the co-operation of the board in this respect.

Wm. Stinson, one of the first Redcliff boys to enlist and go to the front, is now in a hospital in France suffering from a severe attack of pneumonia. When last heard from he had passed the critical stage and was on a fair way to recovery. Stinson is with the famous fighting team, and although nearly all the boys from here who were with that regiment have either been killed or wounded, Stinson is the only one who has so far escaped either shot or shell. It will be remembered that Billy worked in G. G. Patterson's bakery here at the time he enlisted.

Irish members of the houses of commons appealed for the inclusion of Ireland in the provisions of the bill for compulsory military service.

The back of the cold weather was broken this week and we are again enjoying the regular old Southern Alberta winter weather.

To be given under the auspices of the Baptist Philatelic girls on St. Valentine's evening, February 14th, in Reid's Hall.

Everything is now in readiness for the Burns banquet to be held at the Redcliff hotel next Tuesday evening. The tickets have been selling rapidly and the present indications are that there will be a bigger crowd in attendance this year than ever before. As there is only a limited number of tickets left those wishing to attend should secure one as soon as possible.

As will be seen by an adv. in this issue the town council has decided to change the place for holding the town sale, which is to be held on January 26th. The sale will now be held at the same hour and on the same date in the hall over Crowe's pool and billiard room. The change was made as the committee in charge did not think there was room enough in the town hall to accommodate the crowd.

Thursday, Jan. 20th. Look out for the big dance to be held in Reid's Hall. A good time for all. Good music and refreshments provided. Admission, 50 cents a couple, extra ladies 25 cents.

Two hundred Canadian women have offered to fill the posts vacated by chauffeurs, postmen and others who have gone to the front, and there are six women now employed in the munition factory at Parry Sound.

There was no meeting of the M. U. club this week but they will be entertained next Wednesday by Miss Sherwin and Miss Wagstaffe at the home of Mrs. H. E. Johnson, Third street.
